## About the College

Sivananda Sarma Memorial RV College, Bangalore is one of the pioneer institutions run by the RV group of institutions. The college is known for providing quality education to first generation learners of all strata of society for the past 30 years. The motto of the institution is "Education for Wholeness". The vision of the institution is "inclusive education for holistic development of individuals to meet societal requirements". The college is affiliated to Bangalore University and recognised by UGC under 2(f) in 1991 and 12B in 1999. The College has been accredited by NAAC with "A" Grade in its third cycle in January 2017.

The college offers Commerce, Business Administration and Computer Applications courses under school of graduate studies and Masters in commerce under School of Post Graduate Studies. In order to facilitate the learning process the institution has designed scientifically a Unique model called "360 Degree – Education for Wholeness" It is a 5 dimensional model consisting of academics, skill development, extracurricular activities, career development and Ethics and Self Governance. This model has resulted in enhancing the quality of learning outcome and higher placements. This has transformed the overall personality of the students and has equipped them to face the challenges of the global competitive world.

## About CESS

Centre for Educational and Social Studies (CESS) is an initiative of Vidyarthi Shikshana Seva (VSS), a Charitable Trust under 12A established by a group of leading educationists and concerned social workers.

Centre for Education and Social Studies (CESS) is an organization committed to bringing Social Transformation through and with Education by influencing policies and stakeholders through research, policy advocacy, capacity building and consultations. CESS has been organizing several capacity building workshops since its inception in 2006. As Quality of Higher Education is on our agenda, we support institutions and sensitize them about quality issues through our capacity building programs.

## About the Seminar

Higher education contributes to the growth of a nation through creation of a knowledge society. Higher education in India is experiencing massification in terms of number of institutions, courses and student enrolment. This high rate of expansion of higher education is associated with the need to ensure quality. Today achieving quality in higher education is one of the most important challenge for development of human resources, socio-economic development, scientific and technological progress of our country. In this context, quality cannot be addressed discretely or with a piecemeal approach. It requires a multi-pronged strategy encompassing a dynamic policy supported by an effective regulatory mechanism, committed leadership at institutional level, a positive mindset and a suitable action plan.

Quality improvement in education mainly relates to quality in teaching, curriculum, research, pedagogy, evaluation, results and other outcomes. Institutions play a major role in building quality framework and in working towards quality assurance. Hence, all stakeholders of an institution have to be sensitized on quality assurance.

In the light of the above observations, SSMRV College with Centre for Educational and Social Studies (CESS), is organizing a National Seminar on "Quality Assurance in Higher Education".

## Objectives of Seminar

- To share and deliberate on better methods of teaching-learning, classroom management, curriculum development and pedagogy
- To understand and explore ways to enhance quality of research and publications
- To bring out the role of technology to accelerate the quality of teaching-learning and research
- To discuss benchmarks, best and innovative practices with regard to quality assurance

National Seminar will mainly focus on issues like: Quality in Teaching - Learning Process, Research, Innovative and Best Practices in Higher Education Institutions and Technology for Education

## Benefits of the Seminar

This Seminar shall provide the required Platform for people from Research, Teaching, Industry and Higher Education background to express their views, opinions and deliberate on the importance of development of quality in higher education, keeping in mind the current educational policies.

**Participants:** The participants include Principals, IQAC coordinators, IQAC members, Academicians and Researchers.

*\*Two delegates from each college will be appreciated*
